## **TOWN WARRANT THE STATE OF NEW HAMPSHIRE**

**THE POLLS WILL BE OPEN FROM 10:00 A.M. to 7:00 P.M.**

**To the Inhabitants of the Town of Gilmanton in the County of Belknap in said State, qualified to vote in Town Affairs:**

**You are hereby notified to meet at the Town Hall in said Gilmanton on Tuesday, the eleventh day of March, next at ten of the clock in the forenoon, to act upon the following subjects:**

1. To choose all necessary Town Officers for the year ensuing; and to vote on final amendment proposals of the Gilmanton Zoning Ordinance.

1A. Are you in favor of adopting the following building and life safety codes to govern building construction in Gilmanton?:

- a. the 1984 BOCA Basic Building Code, as amended;
- b. the Life Safety Code, NFPA Doc 101, 1985 Edition, as amended.

2A. Are you in favor of adopting an amendment to Article III, Section F of the Gilmanton Zoning Ordinance governing signs, as proposed by the Planning Board?

(If adopted, the proposed amendment would: add a statement of purpose; increase the size of signs allowed in the Business/Light Industrial District from 24 to 32 square feet; specify that temporary real estate signs be located only on the property for sale; clarify requirements for temporary signs for on-site work; add restrictions for nonconforming signs; and prohibit signs overhanging the public right-of-way.)

3A. Are you in favor of adopting an amendment to create a new Article III, Section I as proposed by the Planning Board? The new section would regulate satellite dish antennas.

(If adopted, the proposed article would require that satellite dish antennas be located in the rear yard of any lot. If a usable signal cannot be obtained from the rear yard, antennas could be located in the side yard. On waterfront lots, antennas could not be located between the dwelling and the water line.)

4A. Are you in favor of adopting an amendment to Article VI of the Gilmanton Zoning Ordinance governing mobile homes, as proposed by the Planning Board?

(If adopted, the amendment would make the following changes:

a. add the term "manufactured housing" after each reference to mobile homes so that the ordinance would read "mobile homes/Manufactured housing."

b. add a list of specific conditions under which the Board of Selectmen

may grant a permit for temporary use of a mobile home/manufactured housing;

c. require that replacements of existing mobile homes or trailer coaches comply with septic system requirements and setbacks;

d. require that temporary use of trailer coaches be limited to 120 days annually, that trailer coaches be registered, and that adequate water and sewer systems be provided.)

5A. Are you in favor of adopting an amendment to the Gilmanton Zoning Ordinance to create a new Article XV, as proposed by the Planning Board. The new article would regulate shorefront development.

(If adopted, the proposed article would require:

a. 100-foot minimum shore frontage for a single-family dwelling lot;

b. that shorefront common areas be set aside for backland development where the development has water access.)

6A. Are you in favor of adopting an amendment to the Gilmanton Zoning Ordinance that would make modifications in the text of several articles of the ordinance, as proposed by the Planning Board?

(If adopted, the amendment would make the following modifications:

a. revise the description of home occupations in Article III, Section D;

b. revise several parking standards in Article III, Section G to conform to the standards in the Site Plan Review Regulations;

c. specify in Table I that the term "multi-family dwellings" applies to 3 or 4 units;

d. revise Table 2 to specify that setbacks from water shall be 40 feet;

e. revise Table 2 to delete the provision that front setbacks can be in line with existing buildings within 150 feet;

f. revise Article VIII, Section C to reference the new penalty provisions for zoning violations adopted by the State Legislature;

g. revise numerous definitions in Article XIV.)

**The following articles will be acted upon at the Gilmanton Elementary School on Saturday, March 15, at 7:30 p.m.**

**Article 2.** To see if the Town will vote to authorize the Selectmen to incur debts for Temporary Loans in anticipation of taxes.

**Article 3.** To see if the Town will vote to authorize the Selectmen to accept any State or Federal monies that may be available to the Town.

**Article 4.** To see if the Town will vote to authorize the Selectmen to apply for, contract for, and accept any and all grants of disaster aid from the Federal and/or State governments as may become available during the year, and to expend such funds for the purposes for which they are received, and to do all things necessary for the purpose of this article.

**Article 5.** To see if the Town will vote to raise and appropriate the sum of One Hundred Sixty-nine Thousand Six Hundred Ninety-six Dollars to defray General Government Expenses which include: T.O. Salaries, T.O. Expenses, Election & Registration, Cemeteries, General Government Buildings, Reappraisal of Property, Planning & Zoning, Legal Expenses, Insurance, and FICA & Retirement. ## REPORT OF HEALTH INSPECTOR

Septic inspections and Septic Plan Review has dominated 1985. In addition four day care centers were inspected, one home for the elderly and two foster homes. Again Summer 1985 brought complaints of unauthorized trailers and septic system failures.

## **REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER**

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with *your* help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulations is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

# GILMANTON POLICE DEPARTMENT

The year 1985 was a progressive year for the Gilmanton Police Department. Both Officer Fullarton and Officer Baiocchetti completed and graduated from the New Hampshire Police Academy. One of the objectives this year was to establish a safety program within the Elementary School. Officer James Fullarton has been working with the School authorities on this program and we have been successful in presenting programs such as Halloween Safety, Fire Safety, etc. As in the previous year, there was a substantial increase in activity. The activity is as follows:

General Service Calls (Alarms, suspicious activity, etc.)	1387
Arrests	232
Motor Vehicle Warnings	778
Assaults	12
Burglaries	31
Thefts	41
Vandalism	37
Criminal Trespass	8
Criminal Threatening	1
Harrassment	<u>7</u>
Total Activity	2534
12% Increase	

As our Town continues to grow, the figure represented above will undoubtedly increase. As in the past, we encourage the prompt reporting of crime and suspicious activity.

Respectfully submitted,  
MAURICE R. SALMON II  
Chief of Police

## GILMANTON IRON WORKS FIRE & RESCUE

Gilmanton Iron Works responded to 130 emergency calls in 1985. Of these, 52 were fire, 61 medical aid, and 17 auto accidents.

The Department is staffed by about 25 active volunteer firefighters, ranging in training and experience from newcomers to fully certified firefighters, first responders and emergency medical technicians.

In addition, we have re-established a junior membership program. This permits youths at the age of 16 to become actively involved in the fire service and the training it provides.

In order to keep our department successful we must have the support of our most important ingredient — people. We therefore urge you to contact any fire personnel, either from the Corners or the Iron Works, to learn how you can help your town as a member of the vital and prestigious organization.

Thank you for your continued support.

Respectfully submitted,

David H. Russell, Chief

## **GILMANTON CORNERS FIRE DEPARTMENT**

It has been a busy year for the members of the Gilmanton Corners Fire Department. Many training sessions have been held, sponsored both in the Department and throughout the Lakes Region Mutual Aid System. Four members successfully completed the twelve week NH State Certified Firefighter Program and three members are currently enrolled in a 120 hour Emergency Medical Technician course.

The Department reinstituted its live-in student program for students enrolled in the Fire Science Degree Program at the NH Voch-Tech College. There are currently two students living at the Corners Station who provide great assistance to the Department.

A Junior Firefighter Program has been developed for interested youngsters ages 15 to 18. The Department currently has 3 Junior Firefighters who contribute their time and enthusiasm in many non-firefighting activities.

This year the Department purchased the following equipment: four pocket pagers, one portable radio and one new replacement air compressor.

Every year, the hours necessary for training and equipment and station maintenance increase. As always, the members of the Department encourage interested individuals in the community to participate in the activities of the Department. Anyone interested in also joining the Department may contact any member for further information. The members of the Gilmanton Corners Fire Department wish to thank the citizens of the Town of Gilmanton for their encouragement and support.

Respectfully submitted,

Raymond M. Daigle  
Chief

## **REPORT OF THE TOWN AUDITORS**

We have completed the audit of the town books from January 1, 1984 through December 31, 1984, and found them to be in good order. Recommendations that were made a year ago have been followed through successfully and we have enjoyed the full cooperation of all departments.

We will be meeting with the Selectmen for further streamlining of the tax collector's work.

A full copy of the report submitted to the State is available for public inspection at the Selectmen's office.

Respectfully submitted,

### **Gilmanton Cable Committee**

The Town of Gilmanton Cable T.V. Study Committee was established February 1, 1984 to determine the possibility of having Cable T.V. installed in the town.

As reported last year, town maps and other data were submitted for a feasibility study to Lake Cable T.V. of Laconia, NH, the only company who had shown interest.

Repeated contacts with Lake Cable TV have been unsuccessful in having them arrive at a decision. It is the opinion of this committee that they do not intend to supply Gilmanton with Cable T.V. as it would not be a profitable venture.

This committee therefore considers its objectives completed. If developments occur in the future, it will be brought to the attention of the Board of Selectmen for proper action.

This report is respectfully being submitted by its members.

GILMANTON PARKS & RECREATION COMMISSION

This year the Gilmanton Parks & Recreation Com. put topsoil on the baseball diamond at Crystal Lake Park. Electric power was run from the polebarn to the bathhouse and the whole system was put on one meter. A timer was installed for the skating rink lights.

A slide and routabout were purchased, but not installed. This Spring we will need voluntary help to install these units.

A successful outing was spent at Wallis Sands Beach with 34 children and some parents, and Parks & Recreation Commission attending. We hope to arrange another Wallis Sands outing in 1986.

A Concert by the Freese Band was sponsored by the Parks & Recreation in July with great success.

We, the Parks & Recreation Commissioners, feel we have had a successful and progressive year. We would like to extend our appreciation to the volunteers who have helped on our projects. With continued volunteer help, we look forward to an even better year in 1986.

Sincerely,

## **GILMANTON PLANNING BOARD 1985 ANNUAL REPORT**

The Planning Board holds regular meetings on the second Thursday of each month at 7:30 p.m. at the Town Hall. The dates and agenda of all meetings are posted in advance in both Town Post Offices. Minutes of all meetings are kept and are available for inspection in the Town Clerk's and Selectmen's Offices. All meetings are open and the public is invited to attend.

Subdivision activity within the Town during the past year can be summarized as follows:

Residential subdivisions approved: 14  
Total new lots in approved subdivisions: 21  
Average new lot size: 15 acres  
Boundary line adjustments approved: 5  
Subdivisions applications denied or withdrawn: 2

The Board met regularly twelve (12) times and conducted seven (7) on-site inspections of the lands to be subdivided. The Board also held four (4) work sessions and two (2) public hearings to draft various amendments to the Zoning Ordinance, including adoption of the BOCA Building Code and Life Safety Code, for ballot vote presentation to the Town in 1986.

In addition to offering assistance and advice to numerous citizens during the year, the Board continued to work on proposed changes to the Subdivision Regulations for citizen review and comment at public hearings and adoption by the Board in 1986.

Those persons seeking information or assistance concerning the Board's application procedures should contact the Board's newly appointed clerk, Candace Daigle (267-8274 or 524-6881), who has assumed the responsibilities of Judy Price, the Board's former Clerk.

## LAKES REGION PLANNING COMMISSION

The new director for LRPC came on board in early spring. His name is Kim Koulet and he brings to us a breadth of experience in community and regional planning. The New Hampshire Legislature, for the first time in many years, voted a modest appropriation for the regional (as opposed to local technical assistance) portion of the Commissioner's work. Each planning commission in the state was asked to submit a proposal for the use of the state money. LRPC's efforts are focused on lake and shoreland management. A number of towns, Gilmanton among them, made small appropriations in addition to their regular membership assessments in 1985 to get this work underway. Now at last the state has begun to recognize *its* obligation to contribute to the management of its public waters. Most of the effort thus far has been focussed on working with state, local and private interests to develop shoreland and water protection plans, and ordinances to implement them, to preserve the quality of the water, wildlife habitat, dock and mooring control, and aesthetics. Although Gilmanton has no shoreline on the large lakes in the region, we do have several good-sized ponds whose preservation is of great importance to the town.

The Commission is also monitoring developments in the current legislature session. There are a number of bills concerned with water quality preservation and monitoring, docks and moorings, and boating in particular that are of major concern. Lakes Region legislators have taken a leading role in developing and sponsoring some of this legislation.

In this period of rapid growth throughout the region, towns are feeling the need for technical assistance in planning and administration. LRPC is working on a proposal to provide such expertise on a "circuit rider" basis. A number of towns have expressed interest in the concept for planning, engineering, building and health officers and the like.

Gilmanton is feeling the pressure of development as are other towns in the region. As growth threatens to outstrip town facilities and services, LRPC expects to assist towns in updating master plans and developing capital improvement programs, which are required before a town can adopt growth management regulations. LRPC will continue to bring a regional perspective to town management and decision-making, and to represent common concerns of Lakes Region communities at the state level.

Gilmanton's second commissioner, Lucille Collins, no longer lives in town. Therefore there is a vacancy. I'm sure the Selectmen would be glad to hear from any citizen interested in representing Gilmanton at LRPC.

Carolyn Baldwin, Commissioner

NEW HAMPSHIRE HUMANE SOCIETY

January 6, 1986

Office of Selectmen and  
Chief of Police  
Town of Gilmanton

Dear Town Officials:

The 1985 totals of the number of animals from the Town of Gilmanton brought to the N. H. Humane Society shelter are as follows:

By your Animal Control Officer:	
Dogs and Puppies	31
Cats and Kittens	<u>1</u>
	32
By Gilmanton Residents:	
Dogs and Puppies	32
Cats and Kittens	<u>60</u>
	92
Total from Gilmanton	124

Your Society's shelter has been inspected and licensed by the State and fulfills your licensed dog pound requirements. It also complies with RSA 442-A the Rabies Control Act for holding stray dogs.

Every town has stray and animal problems. We encourage the Town of Gilmanton, especially the Animal Control Officer, to use our services more in 1986.

Sincerely,

Fritz T. Sabbow,  
Executive Director

## **Report of the Gilmanton Academy Study Committee**

A four member study committee was established by a vote of the 1983 Town meeting. The function of the committee was to work with the Board of Selectmen on negotiating a long-term lease for space in the Gilmanton Academy. The 1984 Town meeting voted to continue the function of the committee for another year.

During the past year, the committee accomplished the following:

1. A public information meeting was held in October, 1984 to receive suggestions from townspeople relative to options for future use of the academy and its maintenance needs. Many valuable suggestions were made at that meeting.

2. Based in part on the comments made during the October public meeting, an application was prepared and submitted to the New Hampshire Office of State Planning for Federal funds to conduct a detailed feasibility study of the Academy. If the application had been funded, it would have allowed for a detailed architectural and engineering survey of the building, preparation of cost estimates and the development of alternative plans. Unfortunately, the application was not among the few in the State which were funded.

3. Several times during the course of the year, the committee contacted the Village Bank of Gilford, the bank initially interested in leasing space in the building. As recently as March, 1985, they still expressed an interest in leasing space in the building. However, they felt it would be at least an additional year before they could make any firm decision.

The committee recommends that the Board of Selectmen consider the creation of a permanent Town Building Committee. The function of the committee would be to work with the Board of Selectmen and the Budget Committee to develop recommendations and budgets for yearly maintenance and improvement needs for not only the Academy, but all Town buildings.

Respectfully submitted: Gilmanton Academy Study Committee.

**ACCOUNTANT'S REPORT ON FINANCIAL PRESENTATION**

To the Members of the School Board  
Gilmanton School District  
Gilmanton, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Gilmanton School District as of and for the year ended June 30, 1985, as listed in the accompanying table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Gilmanton School District at June 30, 1985 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The combining, individual fund and account group financial statements and supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Gilmanton School District. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion is stated fairly in all material respects in relation to the combined financial statements taken as a whole.

**Grand Total of Expenses****\$32,302.65**

There were a total of 22,639 lunches served with milk and additional 10,940 half-pints of milk were used by students at a charge of 15¢ under the Special Milk Program. Lunches were served 179 days with an average daily participation of 126 students per day. Each lunch cost an average of \$1.3484 to serve. This does not include the value of Government USDA Foods used. The program utilized about \$3,367.00 (wholesale value) of Government USDA Food.

In view of the increased food and milk prices we were fortunate not to need to raise our lunch and milk prices. The kitchen staff headed by Joanne Patch and ably assisted by Bernadette Tibbetts work very hard to control expenses and have certainly been responsible for the success of the program.

School Lunch Director

## LETTER FROM THE SCHOOL BOARD

Dear Fellow Citizens,

I am pleased to make the following report on the 1985-86 year at Gilmanton School. Our students are continuing to learn in a disciplined and educationally demanding environment with an outstanding staff under the competent direction and dedication of Principal Thomas Brunelle.

The School Board is continuing to set annual goals for the School District and significant progress has been made in many areas; a few which are highlighted below.

1. **School Library.** With the addition of our librarian and community commitment to update and enlarge our library resources, major progress has been made in creating a productive *effective* school library.

2. **Textbook Review.** As part of our continuing program of textbook review, the Reading Program has been evaluated and updated this year.

3. **Computers.** Use of computers has become a fast growing area at Gilmanton School. Effort has been made to see that every student has received some exposure to computers and a comprehensive program is anticipated.

4. **Science Program.** A major goal this year was to begin to evaluate, create and eventually maintain a strong Science Program at Gilmanton. Much work has been done and is continuing in the area of Science curriculum and textbook evaluation and review.

5. **Pre-Algebra/Algebra Courses.** In an effort to strengthen the transition of our eighth grade students to high school math programs, a pre-algebra and algebra course is now offered to eligible seventh and eighth grade students. Our students will now be afforded the same opportunities as other eighth grade students entering the high school program.

6. **Instructional Music Program.** As part of our existing music program, interested students are now afforded the opportunities to receive instrument instruction and also participate in a school chorus.

Our basic programs at Gilmanton are strong taught by a staff committed to high standards. Their dedication is not only seen in the classroom but also with their involvement with our Mathalon Team, after school club for motivated students, production of our Christmas show, eighth grade graduation, our new Olympics of the Mind Program, to name a few.

Community volunteers continue to be of significant value to our school, giving their time and support wherever it is needed.

Two important committees were created by the Board this year; a SPACE NEEDS COMMITTEE—to evaluate the future space needs of our growing school and a SECONDARY NEEDS COMMITTEE—to evaluate our high school program. The Space Needs report is currently being analyzed by the

Board and the report of the Secondary Needs Committee is expected within a short time.

As you can see, exciting and positive things are happening at our school. Thanks to the taxpayers of the community, Gilmanton School is becoming a stimulating and demanding learning environment; one of which all of us can be proud and know that our investment in education is being well spent.

Respectfully submitted,

Susan Roberts, Chairman  
Gilmanton School Board
